

Purchase Postage Options

How Postage Purchase Works:

1. FP deposits your postage funds into your USPS postage account.
2. You download postage from your postage account to your postage meter.

Available Payment Methods

Direct Debit: Direct Debit is the quickest and least expensive payment option for both you and FP Mailing Solutions.

- No convenience fee!
- No need to call FP's Customer Care Department. Simply download postage directly from your meter.
- Available 24 hours a day, 7 days a week including holidays
- Safe and Secure
- With the Debit-on-Demand option you must log in to your MyOneFP Customer Portal to make a debit request. Once you have received confirmation that your request has been processed, you will then be able to download postage to your meter. This prevents unauthorized debits and allows you to set the amount that can be debited.

Credit Card: You can purchase postage by credit card. Funds will be available immediately for download to your postage meter. Fees apply.

E-Check: You can purchase postage by e-check (a.k.a. wire or ACH transfer). Funds will be available immediately for download to your postage meter. There is a \$1.00 fee per transaction.

Sending Postage Payment via Check: Funds will be available 3 to 12 business days, depending on the method of delivery.

1. Include a Postage Deposit Slip Coupon. You can request these from your MyOneFP Customer Portal
2. Write your 12-digit USPS® CIN Number on the check. You can find this under the Account tab on your MyOneFP Customer Portal
3. Make the check payable to "**CMRS-FP.**"
